

# DOLCE & GABBANA

## CASA

### LONDON DESIGN FESTIVAL 2025

On the occasion of the London Design Festival, scheduled from 13 to 21 September 2025, the Dolce&Gabbana Casa Flagship Store on Brompton Road will host a new setup of the Collection's most iconic pieces, reaffirming the synergy between creativity, craftsmanship and design.

The architectural elements of the space – neoclassical columns and structural beams reinterpreted in a Dolce&Gabbana key – create a dialogue with the Collection's evocative themes, giving life to a captivating balance of style and atmosphere.

This year, particular emphasis is placed on the Verde Maiolica pattern: by combining the purest white and the intensity of green, echoing the lush nature of Mediterranean forests, the Verde Maiolica pattern envelops new homeware pieces, conferring a delicate and vibrant touch of style to every room, while celebrating the great ceramic traditions of Southern Italy.

Through upholstery and accessories, dining tables and cabinets, bar carts and lighting, the selection reflects the unique identity of Dolce&Gabbana Casa: a narrative made of passion, elegance and unmistakable Italian flair.

The London Design Festival thus represents a valuable occasion to continue and strengthen the longstanding collaboration between Dolce&Gabbana and Luxury Living Group, the global ambassador of luxury interiors and lifestyle.
