

One Big Leap Forward: The Story of *Resolve Collective*

In the tunnels of Borough Yards lies an invitation to take you to the stars beyond.

Resolve Collective is not bound by any institution or company. Founded on a shared passion for design, five MA graduates from across the world have come together and taken a great leap forward to present their work to the wider world.

With their higher education days behind them, Resolve Collective now looks to the skies and the stars beyond, seeking a place to shine brightly.

From the 13th to the 21st of September, Resolve Collective will host an exhibition showcasing five graduate projects.

Inspired by the Winter Hexagon, each student has adopted the name of one of the five most radiant stars within this prominent asterism. Together, Resolve Collective has created an immersive exhibition reminiscent of constellations in the night sky. The team now invites you to take a tour of the cosmos through a unique display of visual language and communication.

Designers include: Sheida Moinzadeh's *Greh* (Procyon), Shiara Ramduth's *SenPlay* (Castor + Pollux), Roxana Dumitroiu's *Nabiora* (Capella), Alex King's *StudentHouseWatch* (Aldebaran), and Farshid Ghaffari's *LOST* (Rigel). The journey concludes with Sirius, representing the future and the endless opportunities that await them in the industry.

Resolve Collective is more than just an exhibition; it is a celebration of creative diversity and a resounding passion for the art of design in its many forms. You are cordially invited to plan your trip to the night sky and celebrate with them!

Resolve Collective's vision has been made possible through the generosity of the London Design Festival team and the full sponsorship of Better Bankside.

Event Details

What: Resolve Collective Show and Exhibition

Where: Unit 007, 33 Dirty Lane, Borough Yards, London, SE1 9PA
