### Ella Collection by Matthew Hilton

Sure to be the focal point in any living space, the unique shape of the Ella Lounge Chair will embrace you with its 'wings' reaching out to either side. Pair it with the Ella Ottoman for the ideal lounging space.

The Ella Dining Chair is designed with function and elegance in mind, resulting in a stylish chair which is comfortable to sit on for those long relaxing reads.

#### Marlow Table by Matthew Hilton

With clean lines and excellent craftsmanship, the Marlow Table by award-winning designer Matthew Hilton is an elegant extendable dining table.

Compromising on neither style nor function, the drop leaf top easily folds down on both sides. The legs slide in and lock in place when the leaves are down, freeing up space while still functioning as a smaller dining table. When fully extended, the Marlow Table can accommodate up to 8 people.

### Soft Light Collection by Terence Woodgate

Soft is a collection of floor and table lights where the beautiful, rounded conic glass shade takes the center stage. With a three stage touch control to dim the light, the collection is versatile and suitable for use in residential, office and commercial environments.

The blown opal glass shade is acid-etched to produce a diffused, soft light which named the collection.

### Altura Step Stool by Patricia Perez

Named after the Spanish word for 'height', the Altura Step Stool has a sleek yet sturdy design. It provides you with that extra bit of height - enabling access to areas that are usually a struggle to reach.

The Altura Step Stool is a versatile piece of furniture, it can also be used as a nightstand, a plant stand or side table. It is available in a black or oak finish.

## Dulwich Bar Table by Matthew Hilton

The Dulwich Bar Table is the latest addition to the popular Dulwich range designed by Matthew Hilton. Displaying exquisite proportions, the slender legs draw away from the corners to maximise leg room.

The Dulwich Extending Table is a versatile and elegant choice for dining and entertaining. Ideal for both residential and commercial use.
